Teachers, Guidance Counselors, and Principals:

The purpose of this evaluation is to help us better serve students during their summer at Exploration. We strongly encourage you to be candid and thorough in your responses. Thank you for taking the time to complete this form. We appreciate your assistance.

About Exploration Summer Programs:

Exploration offers residential and day enrichment programs for students entering grades 4-12. Each year, we welcome students from more than 40 states and 50 countries to our programs on the campuses of Yale University, Wellesley College, and St. Mark's School. Exploration is for students who are interested in learning; we encourage students to explore different academic disciplines, build independence, and engage in creative thinking. While we serve and welcome students with a broad range of abilities, all of our students should be enthusiastic about participating in a program of this kind.

Many students are introduced to Exploration by their teachers, and we welcome your referrals. Students come to Exploration from a wide variety of backgrounds, and we offer a financial aid program to ensure that all socioeconomic groups are represented. In addition, Exploration offers a robust professional development program for new and experienced teachers. Professional development points and graduate credit are available.
